**Question:**

In Section 3.3.3, is the “should be” regarding P.E. certifications to be interpreted as a recommendation or a requirement?

**Answer:**

The word “should” or “should be” is used to allow the Submitter the option of meeting a higher level of qualification (in the case referenced that would be a P.E.), or the minimum level of qualification( in the case referenced an individual without a P.E.).

**Question:**

Is a registered P.E. in the State of Florida with paperwork pending in Colorado an acceptable inclusion for a P.E. role on this project? This person meets all of the other requirements for the position.

**Answer:**

All qualifications as stated in the Key Personnel section of the RFQ shall be met at the time of the Proposal Submittal. The Statement of Qualifications should note the current status situation and an expected time of compliance with the RFQ requirement.
